

Six Beauty Secrets

1. Some important beauty tricks: One important beauty secret is one to use daily before going to bed - Vaseline. It is good as a make up remover. It does not bother the eyes, it is very cheap compared to the other products, and lately it is known that it protects the delicate skin around the eyes. Then in winter Vaseline supplies the perfect treatment for dried lips: Just slather it on, then massage your lips for a couple of minutes with a toothbrush. Do this twice daily until they become smooth.

2. How to make up your eyes in few minutes? Those are 4 steps to make up your eyes, when you don't have much time:

Step 1: Apply some dot concealer on the lids. This hides unpleasant veins.

Step 2: Apply a neutral shade over eyelids. Add a bit of shimmer in the nighttime.

Step 3: Avoid the cheap eyeliners and better use an eyeliner brush and a dark eyeshadow above the eyeliner. For a more dramatic line wet the brush. Apply line along the top and bottom lashes, making sure to get color in between lashes as its important that the line looks as natural as possible). Don't line inside the rim of eyes - it makes them appear smaller. Mark bottom lash so line is not too evident.

Step 4: Use mascara as it makes anyone's eyes to look bigger and brighter.

3. Popular hair tips for bad hair days: One solution for medium-to-long hair is the messy bun. They make buns look sophisticated and hip and they hide bad ends. Moreover, the messier, the sexier! As well, the bandana look is now on fashion! This looks nice on hair of all lengths.

4. What is the best way to deal with the occasional spots? Use the concealer - is the best. Dot the concealer on with the pad of your finger. You never want to rub concealer in like you would sunscreen or foundation.

5. The less makeup a woman wears, the younger she looks.

6. Skincare habits can make you look younger. Wear sunscreen daily then use antioxidants, peels and scrubs to buy back lost time and fix damaged skin.
